

Networking from a Windows PC

If you are struggling to get your PC to show the Selfie Wizard in the networked locations.. try this:

1. Right-Click on 'Computer' and select 'Map Network Drive'

2. Enter the following for the Folder setting:

\\SELFIEWIZARD\\Shared-Folders

Then Click Finish

When prompted: Username: swiz Password: swiz

3. It should then add the Selfie Wizard in and make it accessible to you
